

pirlo

If anyone CAN – we CAN!

2K-UniCan

Two components safely packaged and united

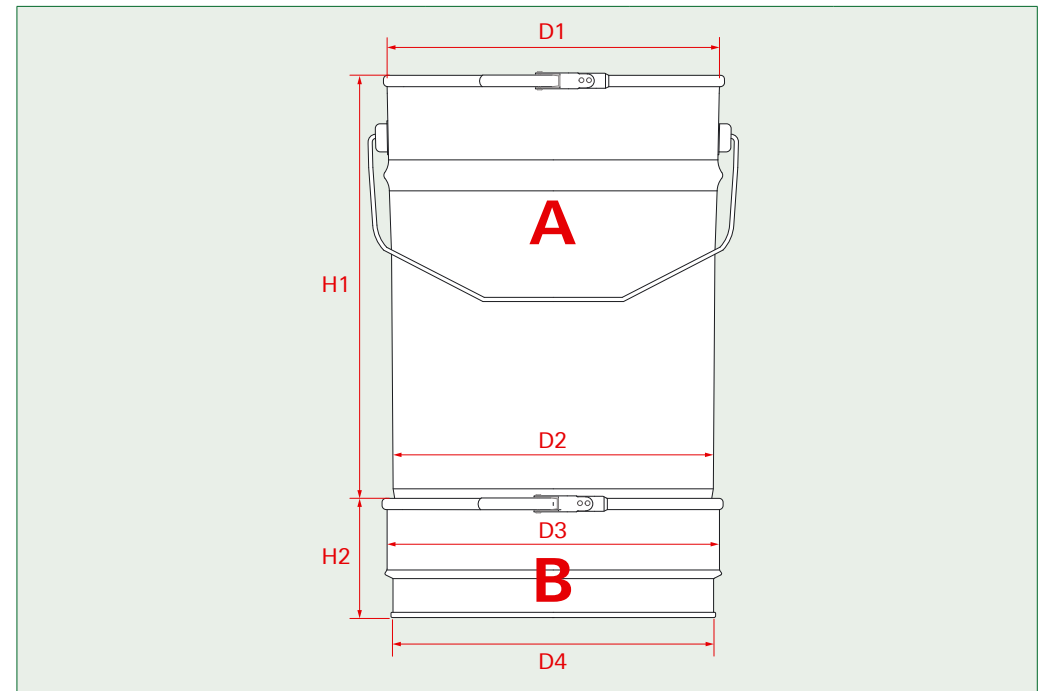

2K-UniCan

Two become one: 2K-UniCan combines metal containers

The benefits of 2-component UniCan
"made by Pirlo" at a glance:

- ⇒ Hazardous products certification for both A and B component
- ⇒ Special lid geometry of the lower container connects two metal packaging elements to ensure safe transportation together
- ⇒ Conical bucket A component with nominal volumes of 6 to 12 litres
- ⇒ Conical bucket B component with nominal volumes of 2.5 to 6 litres
- ⇒ Same clamping rings for both A and B component
- ⇒ Individual containers and combination stackable

Our experts will be happy to help you with any questions you may have pertaining to the 2-component UniCan. Special can sizes are possible on request.
